

## IN GEORGIA CAMP--- POINTERS GO EAST

Portage County Recruits Who Left  
Here July 6 Now Stationed at  
Camp Hancock

The thirty Portage county young men who left here on the morning of July 6 for Columbus Barracks, Ohio, have been transferred to Camp Hancock, Augusta, Ga., according to a letter received by The Gazette from Chas. T. Burns, one of their number. Mr. Burns, whose present address is 42nd Co., 4th Group, M. T. D., Camp Hancock, Augusta, Ga., M. G. T. C., wrote on July 13, as follows:

Sunny South is certainly deserving of its name, so far as the Wisconsin contingent is concerned. I don't think that the climate is agreeing with them because several have been overcome with the heat since arriving here. We arrived at Columbus Barracks Saturday night at 10:30 and were given quarters with the 26th Rct. Co. We were not allowed out of the barracks while there. The Portage county group were not taken out for examination until 4 o'clock Monday afternoon, when measurements for clothing were first taken. After supper we were led to the hospital barracks and given our tests. I know that the next four hours were rather strenuous, having to pass through twelve different doctors' hands. It was 12:30 when they called the day done.

Next day we passed through the red tape of classification and making out our war insurance blanks. In the afternoon we received our uniforms and became U. S. National Army men. Many comments were made, both at the barracks and at this post as to the strong, husky appearance of the Wisconsin bunch. Only large men can qualify for the machine gun companies and all of our group have been assigned to those companies. I am not quite sure, but I believe that two of the Portage county contingent were turned down after examination back at Columbus.

Soldiers are being sent to this camp from Columbus at the rate of 500 a day, all from Wisconsin at present. Our group was sent out Wednesday evening at 5:15 and arrived here at 3 o'clock Friday morning. After getting off the train we had to march three or four miles to camp, so didn't get much sleep that night.

## SOUVENIR FROM THE FRONT

An interesting souvenir has been received from Chas. E. McCreedy by his parents, Mr. and Mrs. C. H. McCreedy of this city. It is a shoulder strap from a German uniform, is gray in color, and has the figures "412" sewed on it. The young man has promised to send one of the German helmets in the near future.

Chas. E. McCreedy has been in France since last October, where he is an ambulance driver in the French army, and his letters, many of which have been published in The Gazette, tell of some interesting and exciting experiences he has had.

## RETURNS TO WEST

Eugene Driscoll, who had been enjoying a visit of three months with his sisters, Mrs. C. H. McCann and Mrs. E. L. Lemma, and among old friends at his boyhood home, left here Saturday on his return to California. He has extensive property interests in the west and believes that no place can equal California for climatic conditions.

## THE ELLIS STREET JOB

Chris Johnson, the contractor for the Ellis street brick pavement, has been in the city for a conference with the board of public works regarding the condition of that thoroughfare. The board contends that the work is not satisfactory, while Mr. Johnson claims that it was done according to specifications, which called for No. 2 brick. No. 2 brick are the culls thrown out from No. 1 brick. It is expected that an adjustment will be made.

## JULY CALLS

Portage County Soldiers in Large Numbers Will Leave For Various Camps

The enlistment orders for contingent of Portage county soldiers who leave for Camp Grant next week have been received and they will depart on the morning of July 25. The call is for 135 men and the list was made up by the exemption board yesterday, from a list of 174 men summoned.

From the extra men available, the board selected seven men to go to Camp Green Leaf, Fort Oglethorpe, Ga., about July 22 for general military service.

Two more July calls for volunteers have been received by the local county exemption board. Portage county's quota being small, as only thirty men from the entire state of Wisconsin are wanted for looking engine firemen and for Vancouver, Wash. If the county's quota is not filled by volunteers, the local board will select a sufficient number from Class 1 to fill the allotment.

Private Marshal General Crowder has announced a new call upon the state for August, which will take about 25 men from Portage county. These calls may be filled by volunteers up to July 22, after which the board will make selections, if the quota is not made up.

## HOT IN TEXAS

Mr. and Mrs. Homer E. Ross of West Allis are spending the week at the home of his brother, E. L. Ross, and among other relatives in town. Homer has just returned from a trip to Texas and other southern states and reports marvelous crops throughout that whole section. The heat, though, was terrific, thermometers registering from 108 to 115 degrees in the shade, and Mr. Ross concluded it was no place for a northern man. Their son, Harold, is now with the United States forces in France.

## TRANSFERRED IN EAST

G. A. Jackson, whose home is at 305 East avenue in this city, and who has been employed at carpenter work in the barracks building department of the government for the past few months, has been transferred from Portsmouth, Virginia, to Newport News in the same state. Mr. Jackson was in a hospital for a few days, recovering from a slight injury to one of his feet, the toes of which were crushed when a tool chest dropped on them. The accident occurred when Mr. Jackson was getting ready to make the transfer from one camp to another.

## GAZETTE'S THREE STARS

Guy W. Rogers Enters the U. S. Service, Making Third to Leave From This Office

With the departure of Guy W. Rogers for Chicago, last Monday morning, to enter the Brenan School for special mechanical training, a third star was added to The Gazette's service flag.

The first to leave The Gazette's employ was Louis A. Raddant, linotype operator, who is now with the signal corps at Ft. Leavenworth, Kas., and the second was Charles Burns, a reporter on The Gazette's staff, who left for Columbus Barracks, Ohio, July 6th.

Mr. Rogers, city editor of The Gazette, answered the call sent out a few weeks ago for volunteers for special mechanical training, and together with Herman H. Menzel and Frank Patterson, Jr., left for the Brenan school in Chicago the first of the week.

Mr. Rogers has been with the Gazette since June, 1915, and his courtesy and desire to please have not only won and maintained personal friendships, but have gained for this paper new friends, who, we trust, will continue to manifest their kindly interest in The Gazette during his absence.

## CUT IN WATER BILL

City officials, Mayor W. F. Owen, City Attorney W. B. Murat and Aldermen McDonald, Cassidy, Gee and Welsby, met with T. W. Gray of Manitowoc and C. E. Gray of Whitewater, owners of the Stevens Point Water Company, this morning.

For some time past the city has been holding up the water company's bill for \$3,216.

It was agreed that fourteen hydrants were out of commission for a period of three months and in consequence the total bill will be materially reduced when action is finally taken at the next council meeting.

## CHAIR BUSINESS BOOMING

Anton Urbanowski, superintendent of the chair factory at Ladysmith, accompanied by his wife, has been spending a few days among relatives in this city. The general manager of the Ladysmith concern is O. J. Lutter, another former resident of Stevens Point and brother-in-law of L. J. Eaton. They now employ fifty hands but would gladly double this force if help could be secured. Orders are being received much faster than they can be filled. Mr. and Mrs. Urbanowski will remain here until tomorrow.

## MEET AT WAUPACA LAKES

Central Wisconsin Press Men and Their Families to Enjoy Outing on Friday, July 26th

The summer meeting of the Central Wisconsin Press Association will be held at Waupaca, Wis., on Friday, July 26th. Little or no attempt to carry out a formal program will be made, the plan being for the members and their families to have a "get together" time and forget their cares and troubles for a day. A picnic luncheon will be served at noon and the next several hours devoted to boating and various other amusements.

The early evening hours will be spent in Waupaca as guests of the business men of that city.

Messrs. Barnham and Payne of the Waupaca Post are heartily cooperating with Secretary R. E. Walters of the association in arranging for next week's event and it is hoped to make an outing one of the long-to-be-remembered ones.

## PETITION DIDN'T COUNT

Some few weeks ago petitions were circulated among farmers in Casson township as farmers interested in making the so-called over road which exists between Stevens Point and Junction City be eliminated as a state aid highway and that the more generally traveled road to the state capital be designated as such. A number of 1,100 signatures were secured and the papers sent to headquarters at Madison, but no attention was paid to the appeal and the river road will remain on the state-aid map.

Several other appeals of like character have been turned down by the commission with little or no ceremony.

## MADE SUPREME SACRIFICE

Lieut. George G. Macnish Stricken in France July 2d  
—Was 26 Years of Age and a Native of Stevens Point

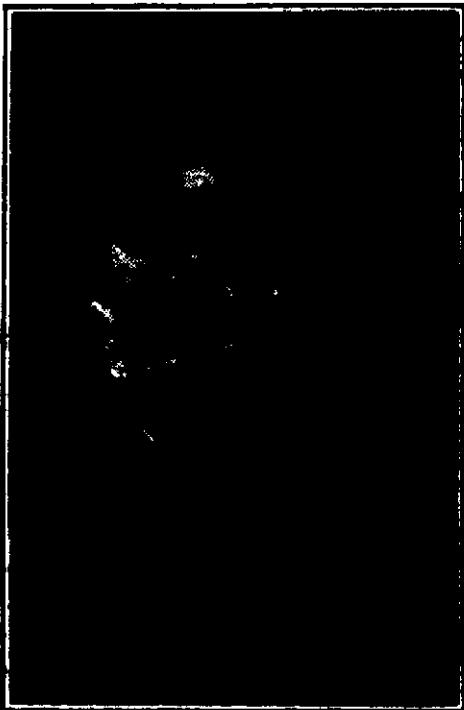

"Deeply regret to inform you that it is officially reported that Lieutenant George G. Macnish, infantry, died of cerebral hemorrhage July second."

The above message, addressed to Mrs. C. G. Macnish of this city, was received last Wednesday evening and when the news was circulated about town it caused the profoundest regret. The war was surely "brought home" to us and among the first to make the supreme sacrifice is this fine type of young manhood.

No intimation that he was not in the enjoyment of perfect health had been received by his family or friends, in fact letters written by him only a few days before the fatal summons were of their usual optimistic character.

While details are lacking and may not be received for several weeks, it is believed that the hemorrhage was brought on by overstudy or special mental exertion and came without warning.

George G. Macnish was a native of Stevens Point, born here August 14, 1892. He attended the different departments in our city schools and com-

Lieut. George G. Macnish

pleted the High school course in June, 1910. For the next four years the young man was a student at Madison

university, making a specialty of engineering work and also took instruction in military training. During 1914-15 he made his headquarters in Chicago as an employee of the Santa Fe railroad but afterwards returned to this city and devoted most of his time to assisting his father at the latter's shoe store.

When Troop I was organized here he enlisted with the home boys and took an active interest in the company until he left here for Fort Sheridan to take the first officers' training course. His previous military training and general mental equipment enabled him to win an officers' commission, that of second lieutenant.

The coveted goal was reached on his 25th birthday anniversary, Aug. 14, 1917. A few weeks later he reported at Camp Custer, Battle Creek, Mich., and was assigned to the training of recruits.

The young officer was then transferred to Camp Green, Charlotte, N. C., and made a member of the Sunset division. He was also promoted to a first lieutenancy while at Camp Green.

During the early part of December, 1917, Lieut. Macnish was located at Camp Mills, New Jersey, from where his regiment sailed for France, reaching foreign soil on Christmas day.

He devoted the first three months of this year to attending a military school for officers and for an equal length of time he had charge of the placing of casuals, or unassigned men, to the various regiments as needed. This required an endless amount of traveling, during the course of which he made five trips across France and had many interesting experiences.

Of the many soldiers' letters published in The Gazette during recent months none were of more genuine interest than those written by Lieut. Macnish. He had a happy way of describing things and events and his letters were eagerly looked for.

A member of Church of the Intercession since childhood, he always took keen interest in its welfare and was a leader in its young people's affairs. He also held membership in Stevens Point lodge No. 641, B. P. O. Elks, and only recently received an official document enrolling him in the Sons of the American Revolution.

Besides his parents, the young man is survived by his grandmother, Mrs. Helen Macnish. The only other near relatives are an aunt, Mrs. C. J. Kellar, and a cousin, Miss Helen Kellar of New York. The four ladies had visited him in the east shortly before he went abroad.

## ORGANIZE CITY TEAM NAMES COMMITTEES

Base Ball Enthusiasts Get Together and Form Club—Practice Game Next Sunday

Stevens Point again promises to take its place on the base ball map and good games are expected with neighboring clubs this summer and fall. The first contest of the season, a practice game, will take place at Bancroft next Sunday, when our boys hope to come forth victors.

The personnel of the local aggregation is as follows: Pitchers, A. Hubbard and Ben Hughes; catcher, Ed. Vogel; first baseman, H. Bronson; second, Harold West; third, E. C. Wotruba; shortstop, O. Viertel; fielders, Robt. Reid, S. Rozensweig, S. Hurrish, B. A. Chemlewski.

Correspondence has already been taken up with Marshfield, Grand Rapids, Wausau and other places and it is believed that games can be arranged with each of the towns.

## OUTDOOR PAGEANT

An outdoor pageant entitled "White Plumes, or the Pageant of the Soil" will be given on the stage on the back campus of the Normal at 7 o'clock Thursday evening, July 25. There will be no admission charge.

Miss Emily Hoag of the faculty is in general charge of the play. Miss Mary Bronson will direct the dancing. Miss Florence Pierce the singing, and the costumes will be designed by students of the play festival classes of the Normal.

The pageant, which will picture in panorama Indian agriculture, will be presented for the first time and pictures of the play will be taken for publication by the University of Wisconsin.

## YOUNG MOTHER CALLED

Mrs. Matilda Louise Karsten, wife of William Karsten, died at St. Michael's hospital at 1 o'clock Tuesday afternoon, following a long illness with cancer. She had been a patient at the hospital for eight weeks.

Mrs. Karsten, whose maiden name was Peterson, was born at Ashland, Wis., and came to Stevens Point when she was married in this city and lived here continuously for many years. She was a devoted mother and a fine character.

The remains were taken to the home of Mr. Karsten's mother on Illinois avenue, from where they will be conveyed on Friday afternoon to St. Paul's German Lutheran church, services being held there at 2 o'clock. Interment follows in the Lutheran cemetery.

## WEEKLY BAND CONCERT

Weber's band will give the following program at the weekly band concert on the court house lawn Thursday evening:

March—Co-Ed—Zamecnik.  
Overture—Light Cavalry—Suppe.  
Medley—Sunny South—Remick.  
Baritone Solo—A Perfect Day—Bond.  
(Claude Eagleburger)  
Humoresque—The Girl I Left Behind—Me—Bellstedt.  
March—Stars and Stripes Forever— Sousa.  
Finale—Star Spangled Banner—Key.

## THE BEST CROPS EVER

Tim Welch of Stockton, who dropped in to see The Gazette for a moment yesterday, is well pleased over the crop outlook in his vicinity and he and his neighbors will have full granaries next fall. The hay harvest is rather light and corn is somewhat backward, but this latter cereal may yield fairly well if the present favorable weather continues. Mr. Welch has a fifteen acre field of corn. He is entitled to boast of his rye crop, which promises to be the biggest he ever raised. The seed sown was of the pedigreed variety and the heads are of mammoth size.

## TOURISTS FROM OHIO

Former Residents of Portage County Make Long Trip Last Week—Crops Are Generally Good

Two cars containing former residents of Portage county arrived here last week from Ohio, the trip being made in two and one-half days over good, bad and indifferent roads. One car contained Mr. and Mrs. Ed. G. Yokers and little daughter of Hamilton, Ohio, and E. C. Newby, whose headquarters are at Eaton. The other auto was driven by Andrew Yokers, Jr., who was accompanied by Mrs. Yokers and children. Andrew is now located at Sidney, O. Mr. Newby's family have been at their old home in Buena Vista for a few weeks.

The three young men represent the Watkins Remedy Co. in the Buckeye state and all are meeting with financial success.

Mrs. Ed. Yokers is a daughter of Mrs. J. E. Leary of this city and each of the three gentlemen are sons of prominent residents of Buena Vista.

Crops throughout Ohio are big this year but the farmers of Indiana are not so fortunate. Other portions of the country traversed by the tourists gave evidence of prosperity.

The visitors will remain here a couple of weeks or longer.

## DENTAL STUDENT TO TRAIN

Norman Kelly left for Ft. Sheridan, Ill., Tuesday, for a sixty day period of training in the officers' training camp there. The young man has been a student at Marquette Dental school for the past three years and is one of twelve students recently selected upon recommendation of Dean Banzhof of the dental school for this training.

Upon his return to school in the fall he will act as officers' assistant to the commanding of the training unit to be organized in the school at that time.

Norman, who is the youngest son of Mrs. P. Kelly of this city, will report at Ft. Sheridan on the morning of the 18, and will be sworn into service temporarily. Upon completion of his training, Sept. 15, he will be discharged from active service.

## NEW RURAL CARRIER

E. A. Merrill Gets Appointment on Route No. 1 and Starts Work Tuesday Morning

Ellis A. Merrill, for the past year an employee at one of the local paper mills and prior to that time with the Coye Furniture Co., has been appointed carrier on rural route No. 1, which delivers mail to River Pines sanatorium, the paper mills and thence through portions of Plover and Stockton townships.

Mr. Merrill began his new duties yesterday morning, when he was taken over the route by Mrs. W. F. Cartmill, who has acted as substitute carrier for several months.

The regular appointee was Roman Krutza, who offered his resignation early this spring in order that he might conduct the farm owned by his parents, Mr. and Mrs. T. Krutza, just north of town. Roman is on the list of drafted men and may be called for army service soon.

## SPENDS FURLOUGH HERE

Lieutenant and Mrs. Myron T. Harshaw were guests at the home of Dr. and Mrs. D. N. Allen for several days prior to last Sunday. Both are former residents of this city. Mrs. Harshaw having been Miss Ruth Holtz before her marriage, which took place at Waukegan, Ill., at Christmas time.

First Lieutenant Harshaw had been stationed at St. Louis, Mo., for the past few months, but is now observing a furlough here. He has completed his work there and expects to be transferred to some other station upon his return to the Detroit field today. Prior to his selection for aerial work, he was a lieutenant in infantry.

His brother, William Harshaw, is in the American ambulance service in France and is in near the front lines.

## THIRTY-NINE MEN LEAVE IN TWO DAYS

Portage County Soldiers Leave for Columbus Barracks and Training Schools

The exodus of Portage county young men for training schools and military camps this week totalled thirty-nine. Nine left for two training schools on an early train Monday morning, and thirty went to Columbus Barracks, Ohio, early Tuesday morning.

The departure of those who left on the first day was marked by no ceremony, in accordance with the wish of the men who were going, and after reporting for roll call at the court house at 7 o'clock Sunday evening, the men were excused until train time, to spend the intervening time with their friends.

Of the nine going to receive special mechanical training, the three who went to the Brenan school, Chicago, were:

Guy W. Rogers, Stevens Point.  
Herman H. Menzel, Stevens Point.  
Frank Patterson, Jr., Stevens Point.  
The six going to Valparaiso University, Valparaiso, Ind., were:  
Gordon Lovejoy, Stevens Point.  
Joseph Hein, Stevens Point.  
Hyman Fisher, Stevens Point.  
Willard Brady, Buena Vista.  
Harley Brewster, Pine Grove.  
Ward Brewster, Pine Grove.

The Portage county men were joined on the train by representatives from Douglas, Rusk and Price counties, and later men from Waupaca, Waukesha and Racine counties boarded the train, making 44 men going from Wisconsin.

The thirty men who left on Tuesday morning's train were banqueted at a downtown restaurant at 7 o'clock the night before, and a dance at the Armory followed. One of the largest crowds ever gathered to observe the departure of the honor men, was the one which gathered in the city last Monday night and accompanied the men to the station.

The men who went to Columbus Barracks were the following:

Emil August Miller, Junction City, R. 2.  
Alfred J. Saeger, Grand Rapids.  
Marion Clayton Stoddard, Stevens Point, R. 4.  
Bernard Koleshinski, Custer, R. 1.  
Johnnie Olaf Melum, Amherst Junction, R. 2.  
Anton Damosek, Stevens Point, R. 6.

Joseph Rozek, Custer, R. 1.  
Leslie Andrew Green, Amherst Junction, R. 1.  
Palmer Edwin Severson, Amherst Junction, R. 2.  
John Bigus, Polonia.

Frank Barney Pliska, Stevens Point.  
Ray Older, Stevens Point.  
Ben Frank Berna, Amherst Junction.

Felix Zblewski, Custer, R. 1.  
Ben Albert Held, Stevens Point.  
Roland McKay, Dunbar.  
Stanley Stachusa, Knowlton, R. 1.  
Arthur Harold Dean, Stevens Point.  
August Joe Kostka, Jr., Stevens Point.

Walter Joe Benorazewski, Plover, R. 2.  
Anton Augustyniak, Junction City, R. 2.

Bernard Kamrowski, Stevens Point.  
Arthur O. Willett, Stevens Point.  
John Ernest Voight, Grand Rapids, R. 1.

Ignatz Trzebiatowski, Rosholt, R. 1.  
John Rekowski, Amherst, R. 2.  
Ray Forest Wood, Stevens Point, R. 4.

Steve Paul Tuskowski, Stevens Point.

Herman Tokarski, Stevens Point.  
John T. Wisniewski, Stevens Point.  
Victor Lorbeck, John Hucks and Harry Brown, who live here, but had registered elsewhere, went with the contingent.

## TROPOSE TEMPORARY BRIDGE

John G. Marchel of Hull township is interviewing the farmers of Hill and Sharon, and any others who may be interested, in an effort to raise sufficient funds to erect a temporary bridge over the Plover river at Jordan. It will be remembered that at the old structure was washed into the stream when the Corps of Engineers took it out several weeks ago. That highway is one of the most extensively traveled in the county and as soon as the bridge was out of commission the farmers east of there have been compelled to travel many additional miles to reach this city.

## THREE MODERN HOUSES

Old Soo Depot Will be Put to Good Use by New Owner, W. E. Kingsbury

W. E. Kingsbury, who recently bought the old passenger depot used by the Soo line is arranging to have it moved to his lots a block east, fronting on Church street, where the new structure will be put into place. The old building is a fine one and will be transformed into a modern house and offered for rent. It will be no difficulty to transform the old building into a modern house, as it has a fine foundation and is well built. The new dam and paper mill are completed by the Mead-Witter interests, it is believed that the hotel may be found desirable for boarding and rooming purposes.

# EDITORIAL

Local auto owners, have you a Stevens Point pennant and do you display it on your car? If you're a booster for your town, take the above suggestion.

No more effective advertising can be given any city or town than the display of pennants on automobiles and trucks. Through an apparent lack of foresight, comparatively few of the cars owned in this city are supplied with "Stevens Point" pennants and therefore fail to advertise the town when they make trips to other localities.

Jas. H. Davidson, for the past two years member of congress from the Sixth Wisconsin district, and who formerly represented the Eighth district when Winnebago county was a part thereof, has announced that he will not be a candidate for re-election. Mr. Davidson has been in poor health for several months and his physician has insisted that he take a complete rest.

Weyauwega Chronicle: That Edward E. Browne is going into the fight for reelection as congressman from the Eighth district against bigger odds than he ever before faced is generally admitted. Mr. Browne, who is now completing his third term in the house, has a questionable record, so far as the war is concerned, and residents of the district who realized that when America entered the war it took the only honorable course open, are not going to fall over themselves to send Mr. Browne back for another term.

John W. Brown, Democratic candidate for Eighth district congressman, graduated from the "college of hard knocks" and is therefore well fitted to represent the American people in the halls of congress. He is a machinist by trade and followed this calling until one of the state's leading fraternal organizations chose him as its commander. He holds membership in the machinist's union and has always been in thorough sympathy with organized labor. Mr. Brown insists that he is one of the common people but his friends know that from a mental standpoint he's well equipped to take a leading part in national legislation.

## NOMINATE STATETICKET

Candidates Chosen at Conference Last Week—John W. Brown Endorsed for Congress

For Governor—Henry A. Moehlenpah of Clinton.

For Lieutenant Governor—John W. Hogan, Cumberland.

Secretary of State—Oscar F. Roessler, Jefferson.

Treasurer—John G. Reutemann, Milwaukee, and Frank J. Eggerer, Chicago.

Attorney General—Thomas H. Ryan, Appleton.

Above is the ticket nominated at a Democratic conference held in Milwaukee last week, attended by representative party men from nearly every county in the state. Those who attended from here were John W. Brown, T. H. Hanna and Dr. L. P. Pasternacki.

Mr. Moehlenpah is a banker at Clinton and is regarded as an exceptionally able man. The others are almost equally well known and each will lend strength to the ticket.

At a conference of Eighth district delegates, John W. Brown of this city received unanimous endorsement as a congressional candidate and nomination papers are now being circulated in his behalf. The action at Milwaukee makes the primary election in September a mere formality so far as he is concerned, but he will nevertheless be "on the job" during the next six weeks and shortly after the primaries begin an intensive campaign to round up a majority of the votes in November.

## ENDOWMENT FOR SCHOOL

"The things which concern the medical profession and the whole world most deeply as a result of the war," says Dr. John R. McDill of Milwaukee, who was in Germany on hospital duty before the country entered the world war, "are the loss of medical men, the failure to keep up the supply by allowing medical schools to close, and the coming shortage of properly trained doctors after the war to help restore the ravages."

Even a comparatively short continuance of the war must result in an alarming shortage of medical men. The government is making constantly increasing demands on the profession for army work, with the result that there is likely to be a shortage of doctors for civilian work. England, anti-cipating but a short struggle, neglected in the early days of the war to make provision for replenishing the ranks of her doctors, with the result that today her army is in dire need of medical men. Already in our own state there has been a larger depletion of the fraternity. Milwaukee, singularly fortunate in the possession of one of the few class A medical schools of the country, is in an enviable position to make another contribution of lasting value to the Nation by seeing to it that Marquette Medical school is enabled to expand and to continue its work, which has been carried on in the face of an annual deficit until now it is being confronted by the possibility of being forced to close its doors at the time when it is most vitally needed. In order to continue this school, it has become necessary to take advantage of the offer of the Carnegie Foundation to donate to the school one-third of a million dollars, providing that the citizens of the state of Wisconsin subscribe the remaining two-thirds before October 1, 1918. The raising of this fund will be begun in the near future.

# FROM THE BOYS WITH THE COLORS

News From Far-Away France of Local and General Interest

When Troop I was organized in Stevens Point in the spring of 1917, Henry Johnson, son of Mr. and Mrs. J. B. Johnson, pioneer residents of this city, now of Indianapolis, was in the employ of the United Cigar Stores Co. at Chicago. The troop went to Camp Douglas in July, and Henry, anxious to get into the service with friends from his old home town, joined the unit there. He is now in France as a member of Battery E, 120th Field Artillery, which is made up largely of Troop I men.

Writing from Samur, France, under date of June 24, the young man told in an interesting way of his experiences overseas. Extracts from the letter, which was written to his parents and other members of his family, including a sister, Mrs. C. W. Eagleburger, of this city, follow:

If you will have a little patience I will sit down and typewrite you a few lines. I'm sort of off today; every once in a while I get crazy and strike the wrong key, but I guess I'll get through it without much mishap. "We girls" do have an awful time.

To begin with, you no doubt have noticed quite a lapse since you got my last letter. Well we are in a new camp now and the moving of course set me back some. Hope it did not worry you.

The place we are at now is Samur, and it is a beautiful place. Might well be called the white city, all the buildings are of white stone or concrete. It sure is quite an improvement over the last place we were at. It has a population of about 25,000 and the river Loire runs right through the city. It is one of the largest rivers in France. It is a trifle larger than the Wisconsin river and sure looks good to us all.

Our camp is situated on the outskirts of town and on the bank of the river and it is a beautiful spot. It seems like camping up at Blood's to those who are familiar with that neck of the woods. All we have to do is step out of our tents and jump in for a swim. Ought to be a healthy place to live, eh?

The surrounding country is very beautiful, mostly all vineyards. They have some of the largest wine cellars in the world here. They are tunneled out under ground for 4 or 5 miles and just filled with bottled wine put there to age. Champagne 100 years old—can you imagine that? I'll bring you back a case. One of the cellars was built about 200 years ago.

Richard Cour de Lion's palace is also in the city. You remember reading about Richard the lion hearted. It is turned into a museum now. Haven't had a chance to see the inside as yet so will save that news for another time.

The Y. M. C. A. has a wonderful building here. It is an old chateau, owned by a French count and rented by the "Y" for a good sum of money. It is a regular palace. The interior looks just like they had stepped out and left every thing as it stood. All old antique furniture. They have writing rooms on the second floor and the first is occupied by a large reception room, library and reading room. In the front you look out on to a large court with flower gardens and arbors of flowers. The rear is a regular little park, thickly wooded, paths twining around one way and another and a small lagoon running through the center of the grounds. It sure is wonderful.

At present I am on special duty at the officers' training camp in the city. I am not with the battery at all, being quartered and rationed down here. They need men down here and called on me so I had to go, but I don't regret it one bit. The school is a building as large as the Normal and sure accommodates quite a few. We work under officers and bump up with a nice class of people. The atmosphere is so different around here that it seems good for a change. Everybody is so polite, its just like working in a big office. My hours are from 8 to 11:30 and from 1:00 to 5:00, so you see I'm not killing myself. We stand no calls at all. Harold Scribner is also working in the office.

The length of time we will be at this camp is indefinite, although we may be here for several months. The way things stand now we may be here for 4 months at the least before we see the front. We were considered pretty lucky to draw this camp, but then again everybody doesn't look at it in the same light. We would hate to miss out on the chance of taking a crack at the Huns. From all I hear it must be great sport up there.

## BANQUET AND GIFT

Officials and Employees of Railway Materials Co. Honor Former Superintendent

Five years ago an eastern concern known as the Railway Materials Co. leased the old Wisconsin Central shops at this city and established a plant for making railway brake-shoes and other iron castings. John E. Hyatt, a young man from Scarsdale, N. Y., was appointed superintendent and, largely through his energy and good business judgment, the plant has prospered wonderfully well. Nearly a half hundred hands are now employed there, good wages are paid and it is regarded as one of Stevens Point's best institutions.

Even better things are in store for the new industry and it is almost safe to assume that the force may be doubled within another year.

For the past year Mr. Hyatt has had a desire to enlist in some certain branch of the military service, but failed to pass the physical test. In order to build up his constitution, a complete rest is desired and he therefore determined to relinquish his work here temporarily. T. B. Pollard, until recently connected with the company's Toledo plant, was appointed as Mr. Hyatt's successor and came here last Thursday. He was accompanied by Mrs. Pollard and their two children, I. B. Lash of Philadelphia, an officer

of the Railway Materials Co. spent last Saturday in town and learned in a casual way that the "boys" in the shop had contributed a substantial sum of money with which to buy Mr. Hyatt a piece of jewelry or some other memento. The idea pleased Mr. Lash greatly and also furnished the suggestion that the company could show their appreciation of all concerned by providing a banquet.

Arrangements were made with Mrs. M. Noble of Maestrie Hotel, with the result that a five-course "spread" one of the hotel's Majestic and was served in the dining room of that hotel Saturday night.

At the conclusion of the feast the company of forty sang "America" after which Mr. Lash proposed a toast to the United States, President Wilson, Supt. Pollard, Foreman H. C. Dolan (whose birthday anniversary also fell on that day), and to Mr. Hyatt.

The speaker then, in behalf of Mr. Hyatt's fellow workers, presented him with an elegant wrist watch. John was slightly discomfited for a moment, but arose to the occasion and expressed his grateful appreciation for the token of good will.

Mr. Hyatt left here the first of the week for New York and may spend the next month or two with his parents and baby daughter at Scarsdale, a town of 3,000 people located 23 miles northeast of New York city.

Mrs. John Bowers spent several days last week with her parents Mr. and Mrs. Peter Hoppen at Colby.

Letters received in this city last Friday from the late Lieut. George G. Macenish, whose death occurred in France on July 2, were mailed at St. Aignan, department of Loire and Cher, about 75 miles southwest of Paris, and approximately 200 miles from the west front.

He had been sent to St. Aignan on June 10 as battalion bayonet instructor with four expert sergeants as assistants and was to have remained there one month, and it is therefore believed that his death occurred at that place and was not caused by injury received at the front. Two letters received by his father, C. G. Macenish, written June 20 and 25, respectively, made no mention of illness. Extracts from the letters follow:

June 20  
Again I write but for no other reason than to let you know that all's well, for I have received no mail since I have been here, nor has anything exciting happened. Already the place has got on my nerves after being up somewhere near the excitement. And to think that two days after I left there the Boche put up another assault with his picked troops and this time started in the afternoon and kept up all night. We knew something was in the air when we were up there and had hoped for its attempted execution in our presence, but our luck is poor and we had to leave. This time he didn't get as far as before and met with too much resistance. Xivray was his limit this time and a disastrous one at that.

June 25  
Yours of the 8th of May just received as a fill-in between others I received the first days of this month. Wrote to mother Sunday and told her I was sending you a couple of papers. I hope you get them some time. It is impossible to ship out of this country some things that are dutiable and therefore the articles I sent. I have a gas cigar lighter but can't send it because of the metal in it so it will have to keep.

Am still on the work I dislike. It is not so hard and I suppose I should be happy. There isn't a chance in the world here except to plod along in the same capacity. I am battalion bayonet instructor with four sergeant assistants, so I don't have to kill myself working, and because I like bayonet work, time surely goes by in a hurry.

I have written a few of the boys but as yet haven't heard a word from anyone. That is not altogether unexpected for your letter has been the only mail I have received since the 8th of this month.

I say the work is not altogether hard. No, four days of the week I am on the drill field six hours each, which time goes fast enough, and the fifth day have but three hours, while the others are holidays. But holidays mean nothing when there is nothing to do, and no place to go. And I can't get my seven days' leave, nor a week-end pass to break the monotony. Possibly it would not be so bad but for the length of daylight. It doesn't get dark until 10 p. m. and of course is broad daylight when we get up.

# MILL SITE SECURED

Bead Lake Mine to Have Ore Reducing Plant—Dividends May Come Soon

W. E. Allen, secretary of the Bead Lake Mining Co., the stockholders in which include many Stevens Point people, arrived here last Saturday from Spokane, Wash., and remained in town until Monday afternoon. Mr. Allen, whose home is now in New York city, is returning east from an extended stay at Newport, Wash., and Spokane. The main purpose of his western trip was to look after litigation affecting title to a small strip of property adjoining the Bead Lake claim and which has just been decided in favor of the mining company. The land is especially valuable because it is the most available site for their ore reducing mill, the construction of which will be begun at once.

Many of our readers will recall that the Bead Lake directors recently bought a practically new mill at Wallace, Idaho, which plant will now be loaded on cars and shipped to Newport. Chas. H. Curtis of this city will have charge of the work and he is arranging to leave for Idaho within a few days.

Cash returns received from a car load of ore shipped to a concentrator a few weeks ago amounted to \$19.93 per ton. This was exclusive of the copper values, for which no allowance was made, as per the terms of a contract entered into several years ago. When their own plant is in operation, some time this fall, the company expects to derive a considerable revenue from copper. The other valuable minerals are silver and lead.

Like many another mining proposition, the Bead Lake outlook hasn't always been a rosy one from the stockholders' standpoint; but Mr. Allen never lost faith and when it finally gets on a dividend-paying basis, credit for keeping the concern afloat will be due almost solely to him.

## ON PENSION ROLL

Chas. Ray, for many years a passenger conductor on the Soo line, running between Stevens Point and Chicago, was recently placed on the pension list by the railroad company. Mr. Ray has locomotor ataxia or creeping paralysis and it is quite probable that he will have to retire permanently from work. The affliction came upon him without warning, he being stricken a few moments after alighting from a street car in Chicago.

## ECONOMIZE NEWSPAPER

Because of an acute shortage in the supply of paper the War Industries Board announced, effective July 15, the following preliminary economies to be enforced by newspapers publishing a daily and weekly edition:

Discontinue the acceptance of the return of unsold copies.

Discontinue the use of all samples or free promotion copies.

Discontinue giving copies to anybody, except for office-working copies or where required by statute law in the case of official advertising.

Discontinue giving free copies to advertisers, except not more than one copy each for checking purposes.

Discontinue the arbitrary forcing of copies on news dealers (i. e., compelling them to buy more copies than they can legitimately sell in order to hold certain territory).

Discontinue the buying back of papers at either wholesale or retail selling price from dealers or agents in order to secure preferential representation.

Discontinue the payment of salaries or commissions to agents, dealers, or newsboys for the purpose of securing the equivalent of return privileges.

Discontinue all free exchanges.

With this new ruling it will hereafter be unlawful for newspapers to exchange and each newspaper will have to pay cash for the others it wants. Also all free copies must be cut off and on a weekly paper credit cannot be extended for more than one year and on a daily for not more than three months.

## SCENES 50 YEARS AGO

W. F. Parker Visits Boyhood Home in New Brunswick—Poor Crops in Canada

William F. Parker returned Sunday morning from a three weeks' trip to Canada, a portion of which time he spent at and near his old home town of Newcastle, New Brunswick, where he enjoyed a visit with an older brother, Ralph Parker, and the latter's family. As it is just fifty years since the brothers had last met, it is not to be wondered at that they did not easily recognize each other. Ralph, who is 77 years of age and four years the senior of William, is a prosperous farmer six miles beyond Newcastle.

The Stevens Point gentleman went from here to Sault Ste. Marie, Mich., and thence across Canada to Quebec and Montreal, spending a day in each of these wonderful cities and visiting many of the historic places, including the great cathedral at Montreal and a church in Quebec which was erected about 240 years ago. Mr. Parker also viewed the natural wonders at Niagara Falls and had a general good time during his stay, although the weather conditions were disappointing, rain falling much of the time.

In direct contrast to those in the United States, the season's crops throughout the eastern portion of Canada are very poor. Heavy frosts have done much damage but the shortage is due primarily to an overabundance of rain.

## Sciences

"I suppose you understand the science of government?" "To be frank," replied Senator Sorghum, "I'm not as strong on the science of government as I ought to be. I have meant to take it up, but I have been tied right down to my studies in the science of how to get re-elected."

# LEAVE FOR WEST

Trautmann Family Start for California Last Sunday—Will Live at San Diego

Mr. and Mrs. E. P. Trautmann and daughter, Carol, left here last Sunday afternoon on the first stage of a journey to their new home in southern California. They spent Sunday night and Monday in Chicago, taking a Santa Fe train there which will carry them the entire distance to Hollywood, a suburb of Los Angeles, where they expect to arrive tomorrow afternoon. Mrs. Trautmann's mother and two sisters live at 1708 McCadden Place, Hollywood, and the Stevens Pointers will visit them a few weeks. They then go to San Diego, at which place Mr. Trautmann will become associated with the Pacific-American Fisheries Co., a concern of considerable magnitude.

The departure of this esteemed family from Stevens Point is deeply regretted. During their residence here of five years they have formed many lasting friendships and each and every one of their local acquaintances will wish them a full measure of health, happiness and prosperity.

## CAMPAIGN FOR MORE HOGS

Although definite figures are not yet obtainable, the Animal Husbandry Division of the Bureau of Animal Industry is assured that the campaign to increase pork production at least 15 per cent over last year has been successful. According to reports practically every State has done its part in obtaining this increase, and some have more than made up their quota. Data gathered by the United States Department of Agriculture show that on April 1 brood sows on the farms in the United States had increased 9 1/2 per cent over the number on the same date the previous year. Weather conditions during March and April were very favorable over almost the entire hog-producing country, with the result that there was a larger percentage of pigs raised than has been the case for many years past.

Notice is hereby given that I, the undersigned, as Sheriff as aforesaid, will sell the above described real property to the highest bidder for cash at public auction at the west front door of the Court house of said county in said city of Stevens Point, on the 7th day of September, A. D. 1918, at 11:00 o'clock in the forenoon of that day, to satisfy the said execution together with interest and costs thereon. Dated this 12th day of July, 1918. John F. Kubisiak, Sheriff of Portage County, Wis. A. L. Smongeski, Attorney for judgment creditor.

## TALKS ON PROHIBITION

Miss Stearns of Milwaukee Addresses  
Crowd at Band Concert Last  
Thursday Evening

"He who drinks a glass of whiskey makes a man of a pig of beer made of hops and barley is a sinner to his country." This was one of the emphatic expressions uttered by Miss Lute Stearns of Milwaukee at court house park last Thursday evening, when she delivered a prohibition address under the auspices of the local A. C. T. U. Miss Stearns, who is especially well known in women's club circles, is now lending her aid toward the selection of assembly and senatorial candidates who are favorable to the national prohibition amendment. One of the important propositions to come before the Wisconsin legislature next winter is this proposed amendment and it is likely that legislative candidates may be forced to declare themselves before the November election.

A large crowd, who came to the park primarily to listen to the weekly band concert, gave Miss Stearns a respectful hearing. A good portion of her argument was devoted to the conservation of food for the soldier boys, a million of whom are now in French soil and another million is expected to be sent overseas before Jan. 1st. The speaker urged that breweries be converted into factories for the making of war supplies, mentioning especially the dehydrating process for fruits and vegetables.

## GOOD THINGS TO READ

The August American Magazine has a story by The Star of the "Yankee" which is a story of a boy who has fought in the trenches of Europe. "Seven Good Things Coming Out of the War" is by Dr. Frank Crane, the famous editorial writer. Charles Edison, son of Thomas A. Edison, has written an article called "My Experiences Working for Father," in which he tells some new stories of Thomas A. Edison. Baroness Huard is the author of a war article called "How Would You Like These Germans in Your Home?" Booth Tarkington has written a splendid article called "Using the Kaiser," and Dr. Rose says, "You Don't Naturally Get Fat as You Grow Older."

The theatrical article this month is by and about Billie Burke. George M. Reynolds, the Chicago banker, tells "Why the Decisive Man Wins Out," and "Making a Splurge for the Neighbors" is an anonymous article on livings too high. The fiction contains stories by such well known authors as Jack Lait, Ellis Parker Butler, Will C. Beale, and Francis Ludwig. Holworthy Hall's new serial continues and the interesting People and Family Money departments are as interesting as usual.

## TOOK MASONIC DEGREES

Fred B. Rawson, Ed. Walker, H. P. Walker and Harry Rawson drove up from Plainfield last Thursday afternoon, coming here to attend a meeting of Crusade Commandery, when degrees were conferred upon Harry. The young man has enlisted for army service and left for Chicago Sunday to take work in the mechanical course.

## RESOURCES

The Entente Allies—excluding Russia and including only those British dominions which are self-governing and only the United States proper—have 11,000,000 square miles of territory, 303,000,000 people, and \$495,000,000,000 of national wealth. The Central Powers have 1,250,000 square miles of territory, 147,000,000 people, and \$134,000,000,000 of national wealth. The entente owe an aggregate debt of \$69,000,000,000, which is about 14 per cent of their total assets. The Central Powers owe \$37,000,000,000, or 28 per cent of their national wealth.

## LAST PLANKS TAKEN UP

Stevens Point can now put on metropolitan airs because its principal business and residence street is lined with cement walks the entire length of this thoroughfare from the Green Bay depot to the fair grounds. The last plank walk, in front of Dr. Card's properties at 1004-1010 Main street, has just been replaced with the more substantial concrete.

Main street between the points mentioned above covers practically a mile, or 5,280 feet. The average width of walks can be conservatively placed at seven feet, making a continuous stretch 7x10,560 feet. At present prices of 15 cents per foot for laying cement this represents a large investment.

## FARMERS KEEPING BOOKS

The day has gone by when farming could be conducted in a slipshod manner and the man who had failed at everything else took up this calling as a last resort.

The farmer of today is as keen on keeping accounts as any business man. He keeps tab on his dairy herd, on milk, cream and butter sales, on farm costs, taxes, etc.

Another stimulant to keeping track on profits and losses is the income tax law which makes it practically necessary for a farmer to know where he stands when making returns to the federal government.

A well conducted farm is a great enterprise. Agriculture is the foundation of all states. A system of bookkeeping carried out is a further aid in keeping a proper record of farming.

## HOTEL PROPERTY SOLD

The hotel property located at 201 Water street, for many years known as the Farmers' Hotel, was sold last week by A. J. Beranek to Sam Goldberg. The property consists of the hotel building, one and one-half lots and a barn.

Mr. Beranek owned the property for the past thirteen years, purchasing it from Wm. Hulce, who is not now a resident of this city. Although Mr. Beranek has made no definite plans as yet as to his future residence, he has gone to Davenport, Iowa, where and at other points he will look for a location, while his family will remain here until he has made his decision.

It is Mr. Goldberg's plan to remodel the building and turn it into a two apartment house of six rooms each. Electric lights will be installed and it will be redecorated from top to bottom.

The barn will be turned into a warehouse by the new owner.

## RANGE HAPPY FUEL SAVING

Happy—what a word—what a world of meaning.

A contented woman, proud of her work, proud of her cooking machine.

All machinery is designed to lighten labor, to enable one to do more and do it better. Then cooking machines are no exception and the Copper-Clad cooking machine is *The World's Greatest Range*. Holding heat like a thermos bottle, a woman knows exactly what she can depend on.

She appreciates a Copper-Clad most when it comes to cleaning. With no hinges, catches and latches, with no ornaments or corners, with no rivet or bolt heads on the nicker, the Copper-Clad cleans like a dish and is a woman's delight.

Then why shouldn't a proud owner of a Copper-Clad be *Range Happy*? Why shouldn't the Copper-Clad be called *The World's Greatest Range*?

THE WASTED YEARS

Other wastes than those now being extensively advertised will need to be eliminated to pay the debt and current charges of the war. One of these may well be a reduced cost in the education of our school children. Professor Judd of the University of Chicago states from experience that two years, or one fourth of the time, can be saved (not eliminated, but actually saved) in the primary education of children.

Roughly speaking, about \$35 a year is spent by the public on each of the 250,000 school children in Wisconsin. In Milwaukee, the total is three millions each year. If but one year were saved for each child in Wisconsin the money saving would be nearly nine million dollars annually. Nine million dollars represents the interest at four per cent on an investment of two hundred millions. In the United States, the elementary education of our school children represents the income on over sixteen billions of dollars of capital, which is twice the entire amount of the first three liberty loans.

Just as no one complains of the family which spends a good round sum on food for its children, providing that the food nourishes, so no one will begrudge the millions spent in schools provided that every cent of those millions goes into education in which there is no waste.

One of the reasons why the rate of progress of our large classes is now so much slower than need be, is because well fed, well cared for, healthy children are forced to wait for children who are underfed, neglected, mentally subnormal and unhealthy. Some day, parents of normal children will comprehend that this is a very uneconomical system. Then there will be health inspection and directly profitable health instruction of a practical nature. Poorly fed children will be properly fed and supervision of homes will be undertaken, when necessary, not because it is a good impulse but because it is good business. The particular causes of backwardness will be discovered and the affected children will be appropriately handled.

Nothing above should be construed as a justification of miserly appropriations. On the contrary, I am satisfied that in many instances more money will need to be advanced, temporarily, to insure an everlasting economy. This is but good business practice.

WOMAN'S JOB TO WIN WAR

So says Mrs. Anna Steese Richard in her stirring editorial in the August Woman's Home Companion: "We must fight in our kitchens, in our parlors, in our stores, in our public meetings, but above all else we must fight alone, in those quiet hours when we wait to our men at the front, when we look into our souls and read there the fear, not of war, but of personal sacrifice, of giving until it hurts to give, until our hearts bleed and our eyes dim—that we may be worthy of those who die for us."

"It is every woman's job to win the war. And nothing must interfere with the accomplishment of this magnificent task, neither personal pride, position nor desires. We must go without now, that we, or those who follow us, may have in full measure that which we Americans have enjoyed for many generations—protection, peace, prosperity."

VISITER HERE WITH PARENTS

Mr. and Mrs. Frank Cormack and two little sons were here from Eau Claire part of last week, guests of his parents, John Cormack and wife. Mrs. Cormack and family were returning north from Two Rivers, where they spent several weeks visiting at the lady's old home. Frank is traveling salesman for the Wisconsin Pharmaceutical Co. and books substantial orders on his periodical trips here.

**What Sort of a Man Will He Be?**

In this land The People are the Sovereigns.

They need bow to dictation from nobody. Neither the Executive, nor Legislative, nor Judicial branch of the government has the right to demand what the masses shall enact.

And yet it is solemnly proposed in this advanced age of supposed sanity, at the very zenith of the greatest advance the world has ever known in popular sovereignty, that the people be entirely ignored in Wisconsin, and that candidates for the Legislature be forced to pledge themselves to place this state in the National Prohibition column, without consultation with The People, and in the face of various popular expressions at the polls against the idea.

It is the plain duty of every man seeking legislative honors, whether he be anti-prohibitionist or prohibitionist, to refuse to become a political buccaneer, robbing the People of their rights.

No fair-minded, honest man, who seeks to represent any section of Wisconsin in the next legislature can afford, in justice, in fair play and in honor, to do otherwise than declare he will be a true servant of The People; that he will leave the decision as to Wisconsin's position upon National Prohibition to be decided by the sovereign people themselves at a referendum; that he will honestly and faithfully abide by the result, no matter what his own personal and single opinion may be. He is a representative of The People and should express the will of The People.

No candidate for the Legislature can afford to hesitate for one moment to take this position. For any man who refuses to do so and who thereby declares he is determined to work his Own Will, no matter what The People want, is a man neither of honor nor of principle, and is unfit to represent an honest constituency in any capacity whatsoever.

And that is true, whether that man endeavor to force Wisconsin into the National Prohibition column against the will of The People, or to thwart that expressed will if it should choose Prohibition.

## SOCIAL HAPPENINGS of INTEREST

Mrs. Alexander Kromb, Jr., is entertaining for Miss Frances von Neupert this afternoon at her home on Clark street. Her's will feature the entertainment and the guests of honor will be given a kitchen shower.

About 250 members of the congregation and Sunday School of the First Baptist church, enjoyed a picnic at Cashin's swimming hole last Saturday from 2 to 8 p. m. Coffee and wines were served by members of the Sunday School, in addition to the basket lunches brought by the picnickers.

The summer school students and members of the faculty of the Normal school enjoyed a dancing party in the gymnasium last Friday evening. There were 150 present and a three piece orchestra furnished the music. Mrs. E. Short, Miss Florence Pierce and Miss Mae Rowe were the chaperons.

Co. M assembled at the Armory in practically full strength last Wednesday evening, and after drill, marched in a body to the Mrs. A. D. Glennon residence on Normal avenue, where they gave three cheers for Lieut. J. A. Cashin and then presented him and his bride of the following day, Miss Grace Glennon, with a handsome leather and fumed oak rocker.

The marriage of Miss Theresa Ott and John Kinlein, both of Milwaukee, was solemnized at St. Joseph's Catholic church at 7:30 o'clock last Thursday morning. Rev. H. J. Ehr officiating. Miss Theresa Kinlein of Minocqua and Edward Hoel of Milwaukee attended as witnesses. Following the ceremony the wedding party went to the home of the groom's parents, Mr. and Mrs. Sebastian Kinlein, at Mill Creek, where a wedding breakfast was served, and where they will remain until September, when they will go to Milwaukee to reside. Mr. Kinlein holds the position of yard clerk for the Chicago, Milwaukee & St. Paul railroad.

The B'nai B'rith lodge entertained at a farewell party last Sunday evening at their club rooms, 439 1/2 Main street, in honor of two of their members, Hyman Fischer of this city and Joseph Steinberg of Grand Rapids. The former left early the following morning to enter military service, going to Valparaiso, Ind., to take a course in mechanical training, and was accompanied to the Soo depot by all who attended the party. Mr. Steinberg goes into service July 25.

At Sunday evening's party two stars, representing the selectmen, were added to the service flag of the lodge, which had previously been adorned with one star. The evening was spent playing cards, followed by a luncheon.

The nuptials of Miss Grace Gertrude Glennon, youngest daughter of Mrs. E. D. Glennon, and James Albert Cashin, son of Mr. and Mrs. P. H. Cashin, were celebrated at St. Stephen's Catholic church at 9:30 o'clock last Thursday morning. A large company of relatives and friends of the young couple witnessed the ceremony, which was performed by the parish pastor, Rev. W. J. Rice.

The altars and sanctuary of the church were adorned with ferns and wild flowers. As the bridal party entered the church a selected choir, with Miss Constance Horan as accompanist, sang the wedding march from Lohengrin. During the service Miss Margaret Van Hecke sang "Ave Maria" and Miss Dora Van Hecke "I Am My Love's." Mendelssohn's wedding march was used as the recession.

Miss Glennon's gown was of white ivory satin, with tulle lace and pearl trimmings, entrain. Her bouquet was of bride's roses and swansonia. The maid-of-honor, Miss Frances von Neupert, was attired in white embroidered voile, with a pink sash. She wore a picture hat and carried a bouquet of shaded sweet peas. Miss Louise Jacobs, the bridesmaid, wore pink organza and a picture hat and carried pink roses. The Misses Esther and Ruth Jacobs served as ribbon girls and were attired in pink georgette and blue chiffon, respectively. Harold Baerbroth was groomsmen and C. S. Orthman and Alex N. Berens ushers. The bride was given away by her mother.

Following the nuptial mass the wedding party and about fifty guests, including immediate relatives and most immediate friends of the bride and groom, assembled at the home of Mrs. E. D. Glennon, 518 Normal avenue, where wedding breakfast was served at noon. Mrs. J. M. Marshall, Miss Irene Krumb, Miss Elizabeth Love, Miss Kathryn Curran, Mrs. John F. Crammer and Miss Florence Gething assisted at the tables.

Mr. and Mrs. Cashin were accompanied to the Soo line depot at 2 o'clock in the afternoon by a large group of well-wishers. They departed on train No. 2 for Menasha, where, and at Appleton and other points in that vicinity, they remained until Sunday. They arrived here on their return trip Sunday afternoon and after August 15 will be at home in an apartment at the Glennon home on Normal avenue.

Those from outside the city who attended the wedding were Mr. and Mrs. James D. Glennon and little son, James D., Jr., of Grand Rapids; Mrs. William P. von Riedel and Miss E. M. von Riedel of Menasha.

Mr. and Mrs. Cashin are members of the First Baptist church of Stevens Point. Mrs. Cashin graduated from the Stevens Point High school in 1914. Mr. Cashin is proprietor of the Stevens Point Strong's shoe store, and is also organized as one of the city's young business men. He is active in the State Guard work here, being first lieutenant of Co. M.

That the sunshine that was so resplendent upon their wedding day may prove to be the token of the sunshine

that is to help their way on their journey down the pathway of life to happiness, is the hope cherished by the bride and friends of Mr. and Mrs. Cashin.

Miss Katherine MacGill and Capt. Elmer H. Mensing, both of Milwaukee, were married in Chicago on July 13 at the Fourth Presbyterian church. This announcement will be interesting to many Stevens Point friends of the bride, who resided in this city during 1910 and 1911, when she was a student at the local high school, and who has home with her grandmother, Mrs. C. Winslow. The latter is now residing in Milwaukee, as is also the groom's lady's mother, Mrs. Daniel MacGill.

Capt. and Mrs. Mensing left immediately after their marriage for the east, where they will remain until Capt. Mensing sails for France. He had recently been stationed at Camp Douglas. Examination at Fort Belvoir, Mass., from which he was at Camp Grant, Ill.

### GOOD LADY IS CALLED

Miss Elizabeth Cadman, Resident Here Since Childhood, Dies on Monday Morning

Pangs of regret were felt by hundreds of local friends through the death of Miss Elizabeth Cadman, which occurred at her home on Clark street last Monday morning at 2 o'clock. Miss Cadman suffered a stroke of paralysis some three weeks before and on account of her low physical vitality she was unable to rally and grew weaker day by day. While the end was not unexpected, yet her passing away is none the less deplored for she was one of those genuinely good souls who delighted in dispensing acts of kindness among her friends.

Elizabeth Radford Cadman was a native of Derby, England, born there 68 years ago the 25th of this month. The family emigrated to America when Elizabeth was three years of age and lived in Massachusetts for a period of five years. In 1859 or '60 they came west to Portage county, making a brief stay in the town of Sharon, near Shantytown, and then settled in Stevens Point.

Miss Cadman's brother, the late John Cadman, conducted a drug store in this city for twenty-five years until his death in 1898, during practically all of which time Elizabeth was his faithful assistant. She took a course in pharmacy and was granted a certificate to follow this profession.

Her mother, Mrs. Ann Hurst, died in 1900 and ever since that time Miss Cadman had resided alone in the old homestead at 420 Clark street. She was never idle but devoted many hours each day to knitting or the making of fancy work, practically all of which she presented to friends.

The only surviving members of the family are a brother, William Y. Cadman, now in the soldiers' home at Santa Monica, Cal., and one sister, Mrs. Mary C. Welty of this city.

The deceased lady was a faithful worker in the local Presbyterian congregation, the pastor of which church, Rev. R. J. McLandress, conducted funeral services at 2 o'clock this afternoon. The remains were then borne from her late home to Forest cemetery and laid to rest in the family lot. Old friends who served as pallbearers were Geo. L. Rogers, R. A. Cook, C. H. McCreedy, J. V. Collins, Homer Blanchard and J. R. Congdon.

### TO HONOR SOLDIER DEAD

At last Monday's noonday luncheon of the Rotary club endorsement was given by the organization to a suggestion made by E. B. Robertson that fitting honor should be paid Portage county men who die in the service of their country. As the selected men are sent out with all due honor, tribute should also be paid them when they give up their life for their country.

While heartily endorsing the idea, the Rotary club will not take charge of any plan along this line, but will leave it to a general public organization. A committee of the club was appointed to get the consensus of opinion in the matter, and is composed of Rev. E. Croft Gear, L. R. Anderson and F. S. Hver. The latter made the suggestion that a gold star for every man who makes the great sacrifice, to be placed on a service flag hung from a staff in the court house, would be one way of honoring the dead.

### NORMAL NOTES

There was a very large attendance at the annual summer school picnic on the Normal campus Tuesday evening. Everyone provided his or her own lunch and coffee was served from Nelson Hall. Games were enjoyed after supper had been partaken of.

Miss Anna S. Milligan, supervisor of the cooking department of the summer school, will give vegetable canning and drying demonstrations in the white kitchen on the first floor of the east wing of the Normal, Thursday afternoon at 3 o'clock, to which all women interested are invited to attend.

As predicted at the opening of the summer season, there is an increase in this year's enrollment over last year, regardless of the fact that fewer boys have entered because of doing government or other work. Last year's enrollment was 218, while 23 more are attending this year, making a total of 341 enrolled.

A baseball game resulting in a 15 to 14 score was played at the fair grounds last Friday afternoon, when the faculty team crossed bats with the student mark team, and the faculty won the game. In spite of the fact that Prof. John E. Sims was injured and Prof. Jas. E. Deitch was absent on account of a sore throat.

Military training may be added to the curriculum of the state Normal school, if the necessary steps can be made. The war department has been asked to grant a commission to a lieutenant in the army corps will be organized, and it is probable that some of the drilling will be given under the direction of the local state guards.

## TO ENTRAIN SATURDAY

Local Guards Will Receive Instructions at Camp Douglas—Trophies Will Be Awarded

Members of Co. M, Wisconsin State Guard, are preparing to leave on Saturday morning for Camp Douglas. They will remain there for seven days.

Pursuant to general orders a camp instructor for the regiment of which Co. M is a part, will be held at the Wisconsin state military reservation, Camp Douglas, from July 20 to July 26, both inclusive. A trophy, consisting of a bronze shield, mounted on a staff, known as the Chase Trophy, for courtesy and discipline, has been offered by John B. Chase of Oconto for competition between the companies of the North Infantry. The following conditions will govern the award of the trophy:

Precision and steadiness at drill ceremonies and formations.

Prompt observance of first call and position at assembly.

Precision in marching and returning salutes by officers and men.

Attention to dress and personal appearance by officers and men.

Observance of taps, Silence and order at night.

Markings upon which the trophy will be awarded will be made by Gen. Charles King.

In addition to the Chase trophy, a gold medal worth \$200 will be awarded to the best marksman in the state, and each sharpshooter will be given a medal.

It is expected that practically the entire company, including all the officers, will go into camp for the week, and all employers of the local members of the state guard are allowing the men full pay for the week they are spending in the instruction camp. Preparatory to the work they expect to do next week, Co. M has been drilling every night this week and will continue to do so tonight and tomorrow night and on Friday night will pack their kits. Khaki uniforms were presented to Capt. C. S. Orthman, First Lieut. J. A. Cashin and Second Lieut. Lenore J. Eaton last Monday night by the company, the members of which wished to share the expense of these outfits with their officers, who are obliged to furnish their own uniforms, while the men are supplied theirs by the state.

Capt. C. S. Orthman, Sergeants W. J. Dumbition, John Wood and Walter Bullinger, and Corporals Otto von Neupert, C. A. Van Order, Robt. Sparks, John Busa and R. D. Austin and Privates Leo Gullikson and John Hytry composed auto parties that visited Camp Douglas last Sunday for the purpose of observing drills conducted by the Eighth Regiment then in training.

As the drills and military work in general will be exceptionally brilliant during the encampment, Capt. Orthman and the company would like to have all Stevens Point people who can possibly do so make a visit to Camp Douglas during the week.

### COUNTY AGENTS' CONFERENCE

A conference of county agents of the central part of the state was held at Oshkosh, last Wednesday, which was attended by thirty county representatives, among them J. M. Coyner of Portage county. This was a marketing conference and discussions were confined principally to marketing and grading of wheat, the sources of supply of hay and the feed situation. The fact was brought out that the wheat crop has increased from 111,000 to 333,000 acres in Wisconsin, reports from wheat sections being especially good.

## SUPERVISORS RE-ELECTED

Misses Doxrode and Bannach Will be in Charge of Rural School Work for Another Year

Upon recommendation of the state and county superintendents and through personal knowledge that they are doing excellent work, the county committee on common schools re-appointed Miss Cora Doxrode and Miss Marion Bannach as supervising teachers for the coming year. This committee, which is composed of L. A. Precourt, Mrs. C. E. Shortell and John G. Marchel, met at the court house Tuesday afternoon and took the above action.

It is generally known among those interested in our rural schools that Misses Doxrode and Bannach have worked hard and faithfully to raise the standard and have accomplished results which are truly gratifying. Their familiarity with the duties will prove an advantage to them and to the schools during the coming year.

### WILL STICK TO RULES

Exemption Board Has Troubles Enough of Its Own Without Borrowing From Others

Our attention has been called to the fact that registrants have been threatened with being reclassified and placed in class one (1) unless they do more to help in other war activities. We wish the public to know that these threats have not been authorized by the Exemption Board. Classification of men by this Board will continue to be made under the Selective Service Rules promulgated by the President, and not with the view to aid workers in other war activities.
